PUBLIC NOTICE

IMPORT TRADE CONTROL

New Delhi, the 8th February, 1956

SUBJECT:—*Import policy for Aluminium Scrap, [S. No. 17(d)/II] during January-June, 1956.*

No. 8-ITC(P.N.)/56.—Attention of the importers is invited to the entry in the Remarks column against S. No. 17(d)/II in Section II of the Red Book for the licensing period January-June, 1956, wherein it has been stated that applications for imports of Aluminium Scrap from both General and Soft currency areas from Actual Users having refining facilities will be considered *ad hoc* in consultation with the Development Wing.

2. The supply and demand position of Aluminium in the country, has been further reviewed and it has been decided that Aluminium Scrap of commercial quality having a purity of 99% and above would be liberally licensed from Soft currency area to all categories of importers during the current half year. A portion of these licences will also be validated for imports from the Dollar area.

3. Applications for import of Aluminium Scrap of commercial quality having a purity of 99% and above under the liberal licensing scheme, should be made to the licensing authorities at the ports, in the prescribed form and manner, as soon as possible, but not later than the 30th April, 1956.

4. Applications from Actual Users having refining facilities for import of Aluminium alloy scrap will continue to be considered *ad hoc* by the licensing authorities at the ports as already announced.
